

"I'm Studying!" Door Hanger

User Rating:

Project Details

Step 1

Cover the craft area with newspaper or plastic. Color both sides of the wooden door hanger with Crayola® Twistables® Slick Stix™ Super Smooth Crayons. Have fun blending the colors with a cotton swab or your finger.

Step 2

On one side, draw pictures that show you're busy and don't want to be disturbed. On the other side, indicate that it's OK to knock. Add cool borders, too.

Step 3

Add glitter glue for details and sparkle. Let air-dry.

Step 4

Hang your sign on your door handle. Trespassers beware!

Craft Notes

Adult supervision is required at all times.
